## English I

### Learning Packet Overview

Hi class! While I am sad we can't meet in person, I'm excited that you will be able to finish *Othello* at home and continue our work from before Spring Break!

The purpose of these materials is to make sure you are using all the skills we have built up throughout your 9th grade year. We will be using new chapters of *Othello* but reviewing it with methods we have done together many times such as plot summary, characterization, and word work! There is also some grammar materials to review and continue or work with semicolons and commas. This means that you are 100% prepared to and capable of doing all of this without me in the classroom with you.

With that being said, I am **always** available as a resource via phone or email. Please do not hesitate to reach out if you have a question, need clarification, or just want some support! I'm excited to hear from all of you and hear what you think about the ending of *Othello*!
