KIPP Academy Nashville Song

We work hard, we are nice
We are the change the world is destined to see
We are team, a powerful family
Helping each other turn dreams into reality

We are hope and love
Truth and honesty
KIPP Academy in Nashville
We are rising to the top
We are striving to be
The best that we can be

I am climbing the highest mountains
I am making the right decisions
I am fighting for my future
I was born to make a difference

I am growing, I’m rising higher
I realize knowledge is power
Getting stronger each and everyday
Education is the way

Determined to achieve
Determined to succeed
Determined to release
The greatness inside of me!

*KIPP Academy Nashville, School Leader*
Our History & Beliefs

The KIPP Network
KIPP, the Knowledge Is Power Program, is a national network of free, open-enrollment, college-preparatory public charter schools with a track record of preparing students in educationally underserved communities for success in college and life beyond. There are currently more than 242 KIPP schools in 20 states and the District of Columbia educating over 100 thousand of students. Every day, KIPP students across the nation are proving that demographics do not define destiny. More than 88 percent of our students are from low-income families and eligible for the federal free or reduced-price meals program, and 95 percent are African American or Latino. Nationally, more than 90 percent of KIPP middle school students have graduated high school, and more than 80 percent of KIPP alumni have gone on to college.

KIPP Nashville
KIPP Nashville is a network of free, open-enrollment, college-preparatory public charter schools in Davidson County. KIPP Nashville was founded in 2005 with one middle school, KIPP Academy Nashville, and one group of fifth grade students.

Since 2005, KIPP Nashville has grown into seven schools across four campuses in East, North and South Nashville, educating 2,300 KIPPsters. KIPP Nashville schools are neighborhood schools, with most students coming from our surrounding communities and 93% of our students identifying as African American or Latino.

Our students are proving the possible every day. By the end of eighth grade, 70% of our KIPPsters are proficient or advanced in Math, more than doubling the performance of the district and state and rivaling the performance of Williamson County students, one of the wealthiest counties in America.

Our students are college-ready, with 54% scoring a 21 or above on the ACT, outperforming the district and national average.

Our high school alumni are on track to triple the college graduation rate of their peers, attending some of the country’s most prestigious colleges and universities.

KIPP Nashville Mission & Vision

Our Vision
Every child grows up free to create the future they want for themselves and their communities.

Our Mission
Together with families and communities, we create joyful, academically excellent schools that prepare students with the skills and confidence to pursue the paths they choose — college, career, and beyond — so they can lead fulfilling lives and build a more just world.
School’s Core Values
Success in life takes more than academic skills – it takes strong personal characteristics as well. As we work to form excellent students, we will also focus our school culture on modeling and teaching the character traits of success. We want our students to exemplify the following characteristics:

**Grit** | When we show **grit**, we work hard to reach our goals.

- Complete all work to the best of my ability.
- Approach obstacles with an “I can do it” mindset.
- Engage in ALL learning activities with a sense of urgency.
- Set ambitious goals and create a plan that will make me most successful in achieving them.

**Shine** | When we **shine**, we always do our best.

- Do the right thing at all times.
- Communicate my feelings and opinions in a calm, respectful tone.
- Take pride in my work and treat others as I wish to be treated.
- Be self-aware and adjust my mindset and actions to be a better person.

**Team** | When we show **team**, we respect and help each other.

- Be willing to give and receive help.
- Show respect and patience when interacting with all teammates.
- Recognize and accept responsibility when a wrong decision hurts or affects our Team & Family.
- Lead others with respect, patience, and empathy.
School Identity

School Colors
Our school colors are Navy and Carolina Blue.

School Mascot
Our school mascot is the knight.

School Logo

The Shield embedded in the KIPP Academy Nashville logo has a rich significance that embodies the vision that our Founder, Randy Dowell, had when creating the school and the subsequent KIPP Nashville region of schools. First, the center of the shield displays a cross, which is a universal symbol of sacrifice and faith. Second, in most ancient civilizations, the shield was used during battle to provide protection. In Ancient Greece in particular, the well-known warriors called “Spartans” were known to use their shields strategically by placing their shield in front of their fellow soldier, instead of themselves. This act increased the ability of the shield to be effective because the soldier would hold it up far longer for his fellow soldier than for himself. Line after line, row after row, Spartans used the strategy of shielding the person next to them, making them an unstoppable, impenetrable force for any enemy who tried to break their ranks.

At KIPP Academy Nashville, the shield serves as a reminder that to achieve ultimate success, it takes the sacrifice and selflessness of each team member.
**KIPP Phrases**

**KIPP Credo**
- If there is a problem, we look for a solution.
- If there is a better way, we find it.
- If a teammate needs help, we give.
- If we need help, we ask.

**Team and Family**
The term is used to describe everyone involved with our school, including staff, students, parents, guardians, donors, etc. The concept of Team and Family is a critical component of the school culture. Students and staff at KIPP Nashville should understand that we are all a family working toward the same mission.

**Climbing the Mountain To and Through College & Beyond**
This is an analogy for the journey that we expect all students to make. The mountain is college graduation.

**We Make Places Better**
Leaving places better than you found them is the motto to describe how we would like students to clean up behind themselves and others when necessary.

**There Are No Shortcuts**
The phrase is used to say that we don’t take the easy way out. This doesn’t mean that we don’t find a smarter or more efficient way of doing things. Examples of shortcuts are no heading on an assignment, incomplete questions on a homework assignment, or not showing the work that got you to your answers on a math assignment.

**Knowledge Is Power**
Knowledge opens doors and creates access to the world and choice-filled lives.

**“Snaps”**
This action is used to affirm or encourage other students when sharing answers or ideas during class or full group time. Students should not snap excessively or cause disruption. It is more important to hear the speaker, not the snap.

**Shout-Outs**
Shout-outs are opportunities for KIPPsters to recognize each other for something positive they observed.

**Grade Level Team (GLT)**
Teachers and students that make a particular grade level.

**Grade Level Chair (GLC)**
Teacher leader of the grade level team. They are responsible for leading weekly Grade Level Team meetings to discuss student grades, behavior, attendance, and other grade-level specific items. Students and families can reach out to their GLC with grade-level concerns.

School Operations

School Closings
KIPP Nashville will close due to inclement weather or other conditions whenever the local public school district (e.g., Metro Nashville Public Schools) closes all of its schools. If we are experiencing or expecting inclement weather or unforeseen circumstances, please monitor the MNPS Website (mnps.org) or our local television and/or radio stations for the latest school closing information. The KIPP Nashville academic calendar may be modified if closure days exceed stockpiled inclement weather and PD days. Any modifications to the calendar will be communicated to all staff as soon as possible.

In the occasional instance that Metro Nashville Public Schools cannot open, but KIPP Nashville can, all staff, students, and families will be notified via phone, text, and/or social media. We recommend that staff and families follow us on social media to get the most up to date information (@KIPP_Nashville and @KIPPAcademyNashville).

Early Dismissals
In the event that unforeseen circumstances cause an early dismissal, we will notify all staff, students, and families via email, phone, text, and/or social media. KIPP Nashville will follow the regular daily schedule until the time of dismissal.

Transportation
Parents/Guardians have the option of driving their children to KIPP Academy Nashville, signing them up to ride the KIPP Nashville bus or sending them on public transportation. KIPP Nashville offers limited bus transportation to students who live outside of a mile radius of campus and within the school’s transportation zone. Families that live outside of the transportation zone must provide transportation for their student to the school or to a KIPP Academy Nashville bus stop. Parents/Guardians may sign up for bus transportation at an enrollment meeting and/or at any point during the school year. Route and stop information and bus expectations will be shared with parents/guardians as a part of the enrollment process.

Student safety is the sole priority of the transportation team. Bus expectations are to be upheld by every student rider at all times. If at any time a student fails to do so, they may receive a consequence, which may include loss of bus privileges.

Students are automatically assigned to the bus stop closest to their home address. Bus Drivers will pick up and drop off students at their assigned bus stop daily. Parents/Guardians are responsible for their student’s safety while getting to and from the bus stop and while waiting at the bus stop. Students are automatically assigned to the bus stop closest to their home address. Parents/Guardians are responsible for their student’s safety while getting to and from the bus stop and while waiting at the bus stop. Students are to be standing at the bus stop 10 minutes prior to the bus arrival time. Students are not to be waiting in the house or car. Running to the bus stop is a very dangerous practice and could result in serious injury.

Any parents/guardians who would like to request a route or stop change, should contact Rosa Richardson, Transportation Manager, at (615) 986-1467. New route or stop requests may take up to 72 hours to process. In order for a student to be dropped off at a different stop, their parent/guardian must have submitted a request in writing at least 24 hours in advance to the school, and the Transportation Manager must have approved it and
notified the bus driver of the change. If the parent/guardian request is not approved, the Transportation Manager will notify them. Under no circumstances are students allowed off the bus without a written request from a parent/guardian and advance approval of the Transportation Manager.

**Bus Safety Complaint Process**

In the event of a bus safety complaint, the following process is followed:

1. The complaint is submitted via phone call to the Transportation Manager at (615) 986-1467.
2. Within 24 hours, the Transportation Manager will begin an investigation of the complaint.
3. Within 48 hours of receiving the complaint, the Transportation Manager submits a preliminary report to the Chief Operating Officer, including:
   a. The time and date the complaint was received;
   b. The name of the bus driver;
   c. A summary of the complaint; and
   d. Any prior complaints or disciplinary actions taken against the driver.
4. Within 10 days of receiving the initial complaint, the Transportation Manager submits a written report to the Chief Operating Officer that details the investigation’s findings as well as the action taken in response to the complaint.

**Transportation Changes Procedure**

We encourage parents/guardians to arrange pick-up of their children prior to dropping them off in the morning, and communicating those arrangements to the student and school. If transportation plans change, parents/guardians must call the office by 2:30 p.m. to inform the school of the change. We will then notify the student.

**Food Services**

All students receive free breakfast and lunch daily. Students must arrive on time to receive their breakfast. Families may choose for their students to eat school breakfast and lunch or to send students with their own meals to eat during designated times. Students are not allowed to share food brought from home with other students due to potential allergies.

**Visitor Information & Procedures**

We have an open-door policy at KIPP Nashville and are excited when visitors want to see our school. We also take school security very seriously. KIPP Nashville contracts with Raptor Technologies to ensure a strong screening process for every visitor to the building. This also applies to parents/guardians who visit our school.

Upon entering a building, visitors will be asked to present an ID such as a Driver’s License, which can either be scanned or manually entered into the system. If a visitor for any reason does not have a US government-issued ID, the school staff member can use any form of identification and manually enter the person’s name into the Raptor system. The Raptor system will check to ensure that registered sexual offenders are not entering our school campuses without our knowledge, in accordance with state law. ### Late Pick-up

Every student who is not yet picked up will receive a $1 paycheck deduction. Student safety is our #1 concern, and when this occurs on a repeated basis, the following measures will be taken:

- **1st Offense** ($3 in Late Pickup Deductions): If students are left at the school beyond school hours without an arrangement beyond 4:00, the caregiver will be issued a warning along with the Late Pickup deduction.

- **2nd Offense** ($5 in Late Pickup Deductions): If students are left at the school beyond school hours without an arrangement beyond 4:00 for repeated times, the school will schedule a meeting to determine next steps, including arranging placement in an after school program if spaces are available, selecting alternate adults to provide transportation, etc.

- **3rd Offense** ($7 in Late Pickup Deductions): If students are left at the school beyond school hours without an arrangement beyond 4:00 for repeated times after the initial meeting, the school will schedule an additional meeting to discuss more severe interventions needed to support the students’ safety.

*Siblings: Please note that the siblings of students participating in after school activities must have permission from the coach in order to remain on campus. Otherwise, they must follow the dismissal procedure outlined above.*
**Attendance**

Every school day matters. Students being present and on-time daily ensures that they maximize their learning time and sets them up for success. Research shows that students that consistently attend school “feel more connected to their community, develop important social skills and friendships, and are significantly more likely to graduate from high school, setting them up for a strong future.” At KIPP Nashville attendance is a priority.

In accordance with the state law, children ages 6-17 must be in school. Parents/guardians of children between the ages of 6-17 years are responsible for their child’s attendance. If a student accumulates excessive absences the state truancy department could monitor attendance and initiate truancy as needed. Parents/guardians are expected to make sure that their child is in school **on-time, every day**. Try not to schedule appointments or vacations during school time. Please schedule appointments during school breaks or after dismissal.

Since missing class affects academic achievement, repeated absences may be reflected in the student’s grades. Students with excessive absences run the risk of not being promoted to the next grade.

**Excused & Unexcused Absences**

ALL absences will be reported as unexcused absences unless the school receives the following documentation within one (1) week of absence:

- Note from medical professional or parent/guardian specifying the excused sick days
- Religious holidays
- Parent/Guardian note indicating a funeral service
- US armed forces documentation regarding parent/guardian deployment
- Court documents mandating a court appearance – student will be excused only for the day(s) indicated on the documentation.

In the event that a student must be absent, please adhere to the following procedure:

- For planned absences, the parent/guardian must notify the office by phone or letter at least one (1) day in advance.
- For unplanned illnesses, the parent/guardian must notify the office by phone before 8:30 a.m. the day the student is absent.
- The student is responsible for completing the work they miss. They have two days for every day they are absent to complete the work.

**Truancy & Chronic Absenteeism**

In accordance with state law, students with five (5) of more unexcused absences are considered **truant** and the school will send a legal notice to the family.

**Chronically absent** is nationally defined as missing ten (10) percent or more of school.

As students accrue absences, the school will communicate with families in the form of regular progress reports that include attendance in addition to other student information.
When a student is chronically absent or in danger of truancy, the school will implement interventions to help improve student attendance. These may include: truancy notice, conducting an attendance assessment, providing resources to the family, and scheduling an Attendance Review Board (ARB) meeting with the student and parent/guardian to create an attendance improvement plan. The parent/guardian is expected to work with the school to improve their student’s attendance, failure to do so may result in a truancy petition filed.

Failure to show progress on an improvement plan can result in a truancy filing with the juvenile court.

If a student misses ten (10) unexcused consecutive days of school with no communication, they are considered truant and the student will automatically be dropped from enrollment at KIPP Nashville and will be required to enroll in his/her zoned school.

**Tardies and Early Dismissals**

School hours are 7:30 a.m. to 3:30 p.m. Students who miss more than 50% of the school day are considered absent. Tardies and early dismissals mean missed class time which therefore has a negative impact on student achievement and disrupts the learning environment. Students should not arrive late or leave early unless it is for an excused reason mentioned above.

School doors open for students at 7:30 a.m. There is no staff supervision before that time. Students must arrive by 8:00 a.m. or they are considered and marked tardy. The doors will close at 7:50 a.m. and past that time students will need to check in through the main office. Students who are tardy to school past 8:01 am will be issued a Tardy ($1) deduction from the paycheck.

Students are dismissed at 3:30 p.m. please do not take your child out of school earlier than the dismissal time.

In the rare event that a student needs an early dismissal, the following procedures must be followed:

- The parent/guardian must notify the office by phone or letter.
- The parent/guardian must bring a doctor’s note or documentation
- The student remains in class or the office until an adult arrives at school to pick him/her up.
- An authorized adult must come in to sign the student out – we will only release students to an adult over the age of 18 who is listed as an authorized pickup.
- The student must make up all missed work.

Early pick-up is not allowed after 3:00 p.m.
Student Privacy

Student Records
A cumulative record will be kept for each student enrolled in school. The record’s contents will include academic, attendance, and health records. The record will be kept current and confidential and will accompany the student through his/her school career.

The school administration is responsible for all student records. They will discuss, explain, and/or make available to an eligible student (i.e., 18 years of age or older) or parents/guardians any records on file. If a parent/guardian would like to examine a child’s record, the parent/guardian should submit a request in writing to the Principal. Within 10 days, the eligible student or parent/guardian will be allowed to inspect the file and may request a copy of some or all the information contained in the record. There are two different types of student records, directory information and confidential records, and each will be treated differently.

Directory Information
Directory Information is basic information about students such as name, address, telephone number, date of birth, participation in activities, awards received, etc. This information may be made available to others for specific use without the consent of the parent/guardian. For example, teachers may distribute class lists to everyone in the class so that students may help each other with homework. If a parent/guardian would not like such information released, he/she should submit a request in writing to the Principal.

Confidential Records
Confidential Records include final grades, disciplinary actions, and health records. Confidential records will not be made available to any non-school or non-KIPP Nashville personnel without written consent by the parent/guardian.

Access to Student Records
Authorized school officials may release information from a student’s education record if the student’s parent/guardian or the eligible student gives written consent for the disclosure. Such written consent must include:

1. A specification of the records to be released;
2. The reasons for the disclosure;
3. The person, organization, or class of persons or organizations to whom the disclosure is to be made;
4. The signature of the parent/guardian or eligible student;
5. The date of the consent and, if appropriate, a date when the consent is to be terminated. The student’s parent/guardian or the eligible student may obtain a copy of any records disclosed under this provision.

Authorized school officials shall have access to and permit access to student education records for legitimate educational purposes. A “legitimate educational interest” is the official’s need to know information in order to:

1. Perform required administrative tasks;
2. Perform a supervisory or instructional task directly related to the student’s education; and
3. Perform a service or benefit for the student or the student’s family such as health care, counseling, or student job placement.

In certain cases, school officials are permitted to release information from or permit access to a student’s education record without prior written consent of the parent/guardian or eligible student, including:

1. To comply with a judicial order or lawfully issued subpoena. The school will make a reasonable effort to notify the student’s parent/guardian or the eligible student before making a disclosure;

2. If the disclosure is an item of directory information;

3. To comply with the requirements of child abuse reports to the extent known by the school officials, including the name, address, and age of the child; the name and address of the person responsible for the care of the child; and the facts requiring the report;

4. When a student seeks or intends to enroll in another school district or a post-secondary school. Parents/Guardians of students or eligible students have a right to obtain copies of records transferred under this provision;

5. To make the needed disclosure in a health or safety emergency when warranted by the seriousness of the threat to the student or other persons, when the information is necessary and needed to meet the emergency, when time is an important and limiting factor, and when the persons to whom the information is to be disclosed are qualified and in a position to deal with the emergency;

6. To an agency caseworker or other representative of a state or local child welfare agency or tribal organization authorized to access the student’s educational records when such agencies or organizations are legally responsible for the care and protection of the student.

The school cannot accept responsibility for lost or stolen items, even in cases when a teacher or staff member agrees to hold a student’s cell phone for the day or when a student cell phone has been confiscated by a teacher or staff member.

There are multiple times throughout the school day where students are allowed to go to the restroom, including during:

- Morning and afternoon homeroom
- Lunch
- Intervention Classes (3 throughout the day)
- Any other two (2) passes issued during content class time (the time in class will be designated by the teacher)

Students’ restroom usage is tracked daily by the grade team in order to ensure fairness as well as to monitor hallway and restroom usage in case of an emergency.

Hall passes may also be issued for students to visit the main office to make a phone call home, lockers, and other classrooms on an “as needed” basis.

Student Supplies

All students at KIPP Academy Nashville will have a locker provided at the start of the school year along with a combination lock. Students have the right to bring their own combination locks, but the combination must be shared with their homeroom teacher in order to ensure the safety of all students.

Our instructional framework is built on the belief that classroom experiences should allow students to make meaning and build knowledge. We want our students to think critically about the information surrounding them and to make sense of and make meaning from it.

All instruction is standards-based and follows the grade- or course-level standards as adopted by the Tennessee State Board of Education, Common Core Standards (Math/English Language Arts), and Next Generation Science Standards

The grades on the final report card are adjusted to include the student’s score on TNReady assessments. To determine a student’s final grade, KIPP Nashville schools will apply a curve to a student’s TNReady score. The TNReady score will be calculated as a percentage by dividing the points earned by the total points possible.
Then, the percentage will be curved, using guidance from either the TDOE or MNPS, to determine a student’s adjusted TNReady score. The KIPP Nashville Chief of Schools will approve the final TNReady scoring formula once guidance regarding the curve is received. A student’s adjusted TNReady score will account for the minimum percentage required by the district of the student’s final grade received in each tested course. For the 2020-21 school year, the minimum required percentage is 15%.

If TNReady assessment results are not received by the school at least five (5) instructional days before the end of the course, the school may choose not to include the state assessment score in the student’s final grade calculation.

Conduct grades are based on behavior and shall not be deducted from quarterly report card grades.

**Exceptional (Special) Education Services**
KIPP Academy Nashville applies the same high standard of learning to all students, regardless of disability or language barriers. Our school has multiple Exceptional Education teachers who work with students directly to provide a variety of services on each grade team according to the students Individualized Education Plan (IEP).

**RTI**
Our school uses the Response to Intervention process to identify students who may be referred for services based on academic or behavioral need. Our school then uses the Student Support Team (S-Team) structure to provide any additional academic, behavioral, or health support that a student may need.

Progress Report

Weekly Paycheck and Academic Standing Report (ASR)
Every Friday, your child will bring home his/her weekly paycheck and ASR. This paycheck serves as our primary communication tool to all families concerning your scholar’s school performance. It includes a detailed report of your child’s attendance, homework, academic standing, and behavior. Parents must sign their child’s paycheck/ASR and return it to school by Monday, or the following school day. If the paycheck is not returned by Tuesday, it will result in a deduction and after school detention.

Homework
We believe that homework completion is a clear indicator of knowledge and understanding for the day’s work and supports our KIPPsters in building critical life skills such time-management, organization and responsibility. As such, every KIPPster is responsible for completing their homework every day.

Late homework credit will not be given for any homework turned in after the deadline. This includes absent homework turned in past the two day timeframe.

Agenda
We believe in cultivating strong organizational skills through the use of a daily agenda. Every scholar will receive a KIPP Academy Nashville agenda at the beginning of the academic school year. Students will have the opportunity to write down their content specific assignments during the school day. Each night, caregivers of all students are required to sign their student’s agenda. By signing the agenda, caregivers are communicating that they acknowledge the assignments and ensure that their child has completed them.

Make-Up Work Policy

Absent Work Policy
When a student is absent from school, whether it be excused or unexcused, they are allowed to submit completed work for full credit within the allotted time frame. For every day the student is absent, they will have two days to complete and submit work (i.e. absent 2 days= 4 days to complete the work. We understand that students are also responsible for the work and homework for the day they return; therefore, two days are given in order to make up the missing work.

Extra Credit
Additional assignments and projects (i.e extra credit) outside of the formal academic curriculum are not given at KIPP Academy Nashville. Students are expected to reach out to their classroom instructors for additional assistance in their coursework and to utilize the weekly academic student report (ASR) to monitor their grades.

Cheating and Plagiarism
All students at KIPP Academy Nashville are held to high standards of academic ethics, personal honesty, and moral integrity. Academic dishonesty such as plagiarism (using another’s statements or thoughts without giving the source appropriate credit), cheating on an exam, possessing and distributing answers (paper/digital), unauthorized communication between peers during an examination, and falsifying documentation are just a few of the infractions that result in a level three deduction, after-school detention, and possible suspension. If your KIPPster is found to have engaged in any form of academic dishonesty, the caregiver will receive prompt communication from a staff member regarding their scholar’s impacted grade and any behavioral consequences.
Honor Roll/Dean’s List
We believe in rewarding and celebrating student academic success at KIPP Academy Nashville. Each quarter, your scholar has the opportunity to be acknowledged for Honor Roll (all A’s and B’s) and Dean’s List (All A’s) recognition during our Knight’s Assembly. This notification can also be found on the weekly Academic Student Report.

Promotion & Retention
At KIPP Nashville, our ultimate goal is to ensure that all of our KIPPsters are prepared to succeed on their path to and through college. By the time our students leave us after 8th grade, we want to ensure they have the academic knowledge, skills, and habits to succeed in rigorous, college-preparatory high schools. For some students, repeating a grade level may change their trajectory on their path to and through college by providing an opportunity to close a gap in the knowledge, skills, and habits needed to succeed in high school. In these situations, we consider retention in the current grade level to be an option that aligns with our mission and goals for our KIPPsters.

The following criteria are considered for a student’s promotion or retention.

- **Mastery of essential competencies.** Students shall have mastered essential skills sufficiently to ensure a likelihood of success at the next grade level. KIPP Nashville considers for retention any student who is failing two (2) or more core academic classes. A failing grade is defined as an end of year average (the average of all four quarterly grades) below 70%. Core academic classes are ELA, math, science and history. If the two (2) classes are math and ELA class, this is weighed more heavily toward retaining the student.

- **Attendance.** Attendance shall become a relevant factor only when excessive absenteeism becomes an educational problem.

- **Conduct.** Retention shall not be used as a disciplinary measure.

- **Previous retention.** Students shall not be retained more than once in the same grade.

- **Special Education.** Students who have Individual Education Plans (IEPs) will be promoted to the next grade based on successful completion of the goals on the IEP.

- **English Language Learners.** Retention of English Learner (EL) students shall not be based solely on English language proficiency.

KIPP Nashville will identify students who demonstrate difficulty in achieving the requirements for promotion to the next grade level and therefore may be considered for retention no later than February 1. However, a student may be identified for retention after February 1 if the delay is due to:

- Date of enrollment; or

- Additional information acquired after results of local assessment, screening, or monitoring are released.

Once a student has been identified as promotion-in-doubt, the school team will notify the parent/guardian to develop a promotion plan. This plan shall be provided to the student’s parent/guardian and the school shall offer to hold a parent-teacher conference to discuss the promotion plan.
If a student qualifies for retention, he or she will repeat the same grade the following year. He or she may only be promoted at the discretion of the Principal. Parents/Guardians may appeal the retention decision to KIPP Nashville’s Head of Schools. The Head of Schools will review the students’ data and the recommendation and make the final appeal decision.

KIPP Nashville does not offer summer school for middle school students, and it is not something KIPP Nashville considers when making promotion decisions.

Students in Grade 8 must meet the promotion criteria to participate in the Moving On Ceremony at the end of the school year. Promotion to 9th grade will occur at the discretion of the principal.

**Parent/Guardian Communication**

Communication to parents/guardians regarding student grades and academic progress may include, but is not limited to:

- Illuminate portal
- Phone Calls/Texts/Emails
- Conferences
- Mid-quarter progress reports
- Report Cards
- Letters home
- Progress Monitoring Reports*
- IEP Progress Reports*

*for students serviced by Special Education

Teachers will proactively notify parents/guardians whose child is in danger of not passing for a given quarter.

**Athletics & After School Programming**

KIPP Academy Nashville offers the following athletics programs through MNPS:

- Football (Co-op with Liberty Collegiate)
- Cross Country
- Soccer
- Track
- Step Team

KIPP Academy does not currently offer or sponsor any after school activities or programs. We do have students who attend the following programs that provide transportation from KIPP Academy to their respective sites:

- Backfield in Motion
- Cleveland Park Boys and Girls Club
- Cleveland Park Nashville After Zone Alliance (NAZA): Why We Can’t Wait, Inc.

**Athletic Eligibility**

Athletic participation is limited to students in grades 6-8 with the exception of cross-country which permits 5th graders to join. Historically, KIPP Academy Nashville has fielded its own sports teams in Soccer, Cross-Country,
and Track & Field. KIPP Academy Nashville has typically allowed students to participate in football and basketball through cooperative agreements with other Metro Middle Schools, and also sponsors a Step team.

In order for a student to attend a try-out and/or participate as a member of a sports team, two conditions must be met:

1. The student must be **academically eligible.** A student shall be eligible upon entering the sixth grade. To remain eligible sixth, seventh and eighth grade students must pass four out of five subjects the preceding semester. A passing grade means that the student received a grade of 70 or higher. Student-athletes in basketball who are ineligible during the first semester may become eligible the second semester if they meet the academic requirements at the end of the first semester. Semester averages (not nine weeks or yearly averages) will be used to determine eligibility.

2. The student must have a **current athletic physical examination** on file with the school’s Athletic Director or coach of the specific sports team. Athletic physicals are current for one calendar year. So if a physical examination was conducted before the spring sports season in one school year, that physical examination would still be valid for the subsequent fall sports season. The validity of the athletic physical would expire one year from the date of the examination.

Parents and families that have questions about the school’s current sports offerings or any concerns are encouraged to contact the school’s Athletic Director.

**Review of Instructional Materials**

In accordance with state law, parents/guardians of a student shall be entitled to review all instructional materials, teaching materials (including handouts), textbooks, and teaching aids used in the classroom of their child. As defined for the purposes of this policy, “instructional materials” denote instructional content provided to the student, regardless of format, including printed or representational materials, audiovisual materials, and materials in electronic or digital formats. Parents/guardians may also review tests that are developed and graded by their child’s teacher. The above materials shall be made available by the school, upon request, to parents/guardians for review.

**Policy for Granting Parent/Guardian Review of Instructional Materials**

Any parent/guardian who would like to review instructional materials should contact the Assistant Principal, or designee. If a school has more than one Assistant Principal, the parent/guardian should contact the Assistant Principal over that content area (e.g., STEM or ELA) or grade level.

Parents/Guardians may request to review instructional materials via email, phone call, or submitting a written request. The Assistant Principal will respond within five (5) school days regarding the request. The Assistant Principal will schedule a time for the parent/guardian to come in and review any requested curricular materials.

**Procedure for Responding to Related Grievances**

If a parent/guardian expresses a grievance with how a test or assignment was graded, the parent/guardian should first reach out to the teacher to discuss the concern. If the issue is not resolved, the parent/guardian should follow the formal complaint procedures outlined in this handbook.

If a parent/guardian expresses a grievance for instructional/curricular materials, the parent/guardian should first request a meeting with the teacher and Assistant Principal for the appropriate content and/or grade level. If the
issue is not resolved, the parent/guardian should follow the formal complaint procedures outlined in this handbook.
Student Culture & Conduct

KIPP Nashville schools are unequivocally committed to providing a safe and orderly environment in which students can maximize their academic achievement. Students whose behavior does not meet the school community’s clearly defined standards for reasonable and acceptable behavior will not be permitted to disrupt the education of others.

Without a firm and consistent discipline policy, none of what we envision for the school can happen. Therefore, we cannot overemphasize the importance of providing a firm and consistent discipline policy. Students and families have a right to attend a safe and orderly school. Therefore, for every infraction, there will be a consequence. This is the basis of our student code of conduct.

Student Behavior System

The KIPP Academy Nashville discipline system is designed to focus students on our mission by ensuring that class and school environments are safe and orderly. This system includes the following tiered consequences which reinforce our values and support the KIPP Nashville mission:

- Paycheck deductions
- Detentions
- Suspensions
- Expulsion

The Paycheck System

Key Message: One way we remind students of the mission of the school and help them achieve their goals is through the paycheck system. We give deductions to help them regain their focus on learning when they are distracted from it. Every student will receive deductions and even detentions. This does not mean that they are bad people, we are reminding them that they are here to learn and that we take that very seriously.

The paycheck system is used to remind students, parents, and teachers of our school’s mission through the expectations we have created for all students. Paychecks will be sent home each Friday and parents are required to review and sign them before returning them to school on Monday. Paycheck totals are based on deductions earned throughout the week. The student can only deposit the check into their bank account if the check is signed and returned on time.

If a student commits one of the infractions below, the student will receive a paycheck deduction, may receive detention, may be sent home for the rest of the day, and/or may lose some or all school privileges. Loss of privileges includes, but is not limited to, eating lunch alone, performing extra service for the school, and missing school events, trips, or activities (including Team Time). Furthermore, a meeting between the student, his/her parent or guardian, and the student’s home-room teacher, Dean of Students, or Principal may be required in order to address the student’s behavior and plan for improvement. Threats by Electronic Transmission (ZT)

A student who transmits by an electronic device a credible threat to cause bodily injury or death to another student or school employee and creates actual disruptive activity at the school that requires administrative intervention.

Drugs (ZT)

Unlawful possession, use or distribution of drugs on school grounds, including any controlled substance, controlled substance analog or legend drug (prescription drug). Prohibited drugs include, but are not limited to, ketamine, bath salts and salvia. Distribution of drugs is defined as the intentional exchange of any prohibited drug for money or other benefit.

Aggravated Assault (ZT)

Intentionally or knowingly 1) Causing serious bodily injury or 2) committing an assault with a deadly weapon of a teacher, school staff, or SRO. “Serious bodily injury” is injury that requires more than basic first aid. A “deadly weapon” is a weapon, such as a firearm or knife, that is designed to inflict serious bodily injury.

Explosives (ZT)

Possession of any destructive device, which includes any explosive, incendiary device or poison gas, including bombs, grenades, rockets, missiles, mines and similar devices. Possession of fireworks altered or modified to constitute an explosive may be considered a Zero Tolerance offense only if the altered fireworks are identified as an explosive by law enforcement officials. Fireworks are not considered an explosive.

Firearm (ZT)

Possession of a firearm or bringing a firearm to school. This includes, but is not limited to, handguns, rifles and shotguns. As required by state and federal law, any student who brings a weapon to school will be referred to law enforcement.

KIPP Nashville upholds expulsion decisions of all MNPS schools.

**Additional Behaviors Leading to Expulsion**

The Principal has the authority to expel a student to preserve the sanctity of the learning environment and protect the student body from behavior that is so repeatedly disruptive as to prevent the orderly operation of the school. Therefore, an excessive number of out of school suspensions for behavior disruptive to the function of the school day will trigger an expulsion. In addition, the Principal has the authority to expel a student should they engage in egregious disrespect that seriously impairs the ability of the school to function.

In addition to any of the preceding infractions, any breaches of Federal law, Tennessee State law, or laws of Metropolitan Nashville and Davidson County, may be handled in cooperation with the Nashville Police Department and may result in expulsion.

**Expulsion Process**

When a student has committed an action that warrants an expulsion, the school Principal will begin an investigation. The Principal will contact their manager to provide context for the investigation. Students will be placed on suspension during the investigation process of expellable offenses and be afforded due process (the opportunity to give his/her written account of what happened). The investigation process may last no more than two (2) days. After the investigation, a KIPP Nashville Principal will contact his/her manager to share the
findings of the investigation. If the Principal decides to expel a student, with the approval of his/her manager, the student’s parent/guardian shall be given a Notice of Expulsion letter including written notice of the charges and the right to either:

1. Accept the expulsion from KIPP Nashville; or

2. Request an Expulsion Appeal Hearing in front of KIPP Nashville’s Disciplinary Hearing Authority ("DHA").

**Requesting and Scheduling an Expulsion Appeal Hearing**

If a student is expelled from a KIPP Nashville school, the student’s parent/guardian has the right to request an expulsion appeal hearing. The request for a hearing must be in writing and occur within five (5) days of the receipt of the Notice of Expulsion letter by the Principal to expel the student.

KIPP Nashville will hold the expulsion appeal hearing within ten (10) school days from the beginning of the suspension proceeding the notice of expulsion in which the investigation was conducted. In addition, the Principal will provide the student’s parent/guardian with a written Hearing Notice including the following, which will be translated into the student's and/or parent’s/guardian’s primary language as necessary:

- Date, time and place of the hearing;
- Charges and a summary of the evidence against the student, which will include the substance of the allegations; and
- Agenda for the hearing.

**Proceedings of the Expulsion Appeal Hearing**

Notice that the student has the following rights at the hearing:

- The student may be represented by a parent/guardian, a legal representative, or other representative at the student’s expense. If the student and/or parent/guardian wish to bring legal representation to the meeting they must notify the Principal, in writing, at least 48 hours prior to the meeting.

- Due to the potential sensitivity of issues addressed, the expulsion hearing is a closed hearing; only the student, the student’s family/representatives, the school administration, witnesses, legal counsel, and the DHA may attend; provided, however, that the student may request an open, public meeting by informing the school of the request in writing, within five (5) days after receipt of the Notice of Expulsion.

- The student’s parent/guardian, upon request, may review the student’s records from the school in accordance with applicable law.

- The student has the right to present witnesses and arguments in the student’s defense and to ask questions of school administrators who present information at the hearing, within the process and time constraints set forth in the agenda.

- The school may present information collected from student witnesses through school administrators, in lieu of calling the student witnesses themselves, to the extent permitted by applicable law and due process. The school will be represented by the Principal or Assistant Principal.

- The DHA will record (by tape or other appropriate means) the hearing and a copy of such will be made available to the student upon request.
• Proceedings will be translated into the student's and/or parent's/guardian's primary language if necessary for their understanding.

Deliberation and Decisions
The decision maker at the hearing will be the DHA, which will consist of an odd number of and no fewer than three (3) persons chosen from among the following: KIPP Nashville’s Executive Director, the Principals of any KIPP Nashville school, and the Assistant Principals or Deans of any KIPP Nashville school; provided, however that the Principal, Assistant Principal or Dean of the school that the student attended at the time of the incident will not be a member of the DHA for that student’s expulsion appeal hearing. At the conclusion of the hearing, the DHA will deliberate and issue a decision. The following procedures apply to the deliberation and decision:

• During deliberations, all parties will be excused excluding the DHA.

• In its fact-finding, the DHA will decide based upon the information presented at the hearing whether it is “more likely than not” that certain alleged incidents occurred.

• The vote of a majority of the members of the DHA will constitute the decision of the DHA.

• The DHA may order removal of the expulsion, may suspend the student for a specified period of time, or may uphold the expulsion.

• During its deliberations, the DHA may consult the Principal who recommended expulsion solely for discussing appropriate sanctions that are less severe than expulsion, provided, however, that:
  ○ the student’s representative may be present while the DHA is consulting lesser sanctions with the Principal, and;
  ○ in no event will the Principal during these discussions provide new evidence for expulsion that was not presented at the expulsion hearing.

The DHA’s decision will be issued in writing to the student within three (3) business days of the hearing. The written decision will be translated into the student's and/or parent's/guardian’s primary language if necessary for their understanding.

In addition to the above stated policies, any breaches of federal, state, or local laws may be handled in cooperation with the local police department.

Zero Tolerance
In order to ensure a safe and secure learning environment, the following offenses shall not be tolerated:

Weapons and Dangerous Instruments
Students shall not possess, handle, transmit, use, or attempt to use any dangerous weapon on school buses, on school property, or while on school sponsored outings. Dangerous weapons for the purposes of this policy shall include, but are not limited to, a firearm or anything manifestly designed, made, or adapted for the purpose of inflicting death or serious bodily injury or anything that in the manner of its use or intended use is capable of causing death or serious bodily injury.

Violators of this section shall be subject to suspension and/or expulsion from school.
**Firearms**
In accordance with state law, any student who brings to school or is in unauthorized possession of a firearm on school property shall be expelled for a period of not less than one (1) calendar year.

**Explosives**
In accordance with state law, any student who possesses any destructive device, which includes any explosive, incendiary device or poison gas, including bombs, grenades, rockets, missiles, fireworks altered to constitute an explosive, mines and similar devices, shall be expelled for a period of not less than one (1) calendar year.

**Drugs**
In accordance with state law, any student who unlawfully possesses, uses or distributes drugs on school grounds, including any controlled substance, controlled substance analog or legend drug (prescription drug) shall be expelled for a period of not less than one (1) calendar year. Prohibited drugs include, but are not limited to, ketamine, bath salts and salvia. Distribution of drugs is defined as the intentional exchange of any prohibited drug for money or other benefit.

Although possession of drugs is a zero tolerance offense, first time offenders are eligible for a modification of expulsion as they can enter the MNPS First Time Drug Offenders Program. A student who is found to have intent to distribute any drug with or without monetary exchange is not eligible for the First Time Drug Offenders Program. A referral to the school social worker will be made for any student participating in this program.

**Aggravated Assault**
In accordance with state law, any student who commits aggravated assault or commits assault that results in bodily injury upon any teacher, Principal, administrator, any other employee of the school, or school resource officer shall be expelled for a period of not less than one (1) calendar year.

**Electronic Threats**
In accordance with state law, any student who transmits by an electronic device any communication containing a credible threat to cause bodily injury or death to another student or school employee and the transmission of such threat creates actual disruptive activity at the school that requires administrative intervention shall be expelled, but it is not required that the expulsion last the entire year.

**Notification**
When it is determined that a student has violated this policy, the Principal of the school shall notify the student’s parent/guardian and the criminal justice or juvenile delinquency system as required by law.

**Modifications**
The KIPP Nashville Executive Director shall have the ability to modify zero-tolerance disciplinary actions on a case-by-case basis in accordance with state law and district policy.

**Drug Testing**
The possession and/or use of illegal drugs, and the misuse of prescription drugs is prohibited. The distribution, abuse, or misuse of over the counter medications or other chemicals or substances is likewise prohibited. Students will be notified in writing at the beginning of each school year or at the time of enrollment that they may be subject to testing for drugs and alcohol during the school year. A parent/guardian of a student shall be notified before any drug test is administered to a student. KIPP Nashville will pay costs of any testing required pursuant to this policy.
Reasonable Suspicion Drug Testing
Principals are authorized to order drug tests for individual students when there is a reasonable cause to believe that:

1. A KIPP Nashville policy on alcohol and drug use has been violated;
2. A search of lockers has produced evidence of the presence of drugs and/or alcohol;
3. A search of persons and containers has produced evidence of a presence of drug and/or alcohol;
4. A search of vehicles has produced evidence of the presence of drugs and/or alcohol; or
5. Through observation or other reasonable information reported by a teacher, staff member or other student that a student is using and/or under the influence of drugs and/or alcohol on school property.

Prior to performing a drug test on a student based on reasonable suspicion, the following conditions must be met:

1. A particular student has violated school policy;
2. The test will yield evidence of the violation of school policy or will establish that a student either was impaired due to drug use or did not use drugs;
3. The test is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;
4. The test is not conducted for the sole purpose of discovering evidence to be used in a criminal prosecution; and
5. Tests shall be conducted in the presence of a witness. Persons who shall act as witnesses shall be designated by the Principal.

Upon receiving reasonable information, the Principal or designee shall take the following steps:

1. Call the student into the Principal's office or another private place;
2. Summon an appropriate qualified witness;
3. Discuss with the student the basis for the determination that a test is necessary;
4. Inform the student of the procedures which shall be followed in administering the test;
5. Notify the parent/guardian of the student of the impending test; and
6. Give the student an opportunity to decline the test and inform the student that if the test is not taken the penalty shall be suspension from school and a hearing before the disciplinary hearing authority.

Random Drug Testing of Students Participating in Extracurricular Activities
Students involved in any voluntary extracurricular activities may be subject to random drug tests. Parents/Guardians and students will be informed of this policy prior to participation and shall sign a consent to the drug testing and a release of information as a condition of participation.
Extracurricular activity is defined as voluntary participation in activities not falling within the scope of regular curriculum and carrying no academic credit. This includes participating in athletic programs, cheerleading, band, clubs, student leadership positions, etc.

Prior to performing a random drug test on a student participating in extracurricular activities, the following conditions must be met:

1. The test will yield evidence of the violation of school policy or will establish that a student either was impaired due to drug use or did not use drugs;
2. The test is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;
3. The test is not conducted for the sole purpose of discovering evidence to be used in a criminal prosecution; and
4. Tests shall be conducted in the presence of a witness. Persons who shall act as witnesses shall be designated by the Principal.

No student who tests positive under a random drug testing program shall be suspended or expelled from school solely as the result of the positive test. The Principal shall develop procedures establishing a random process for the selection of students to be tested.

**Drug Testing Process**

The appropriately qualified and trained witness shall take the student to a designated place in the school and collect a specimen from the student. The specimen shall be taken in a manner which will ensure the integrity, validity, and accuracy of the test results but are minimally intrusive and provide maximum privacy to the tested student.

The type of specimen taken shall depend on the substance in question and the test performed on the specimen shall be appropriate for accurate detection of the substance in question. Once taken, the Principal shall give the specimen an identifying number which in no way will reveal the identity of the student.

The Principal will forward the specimen for analysis to a laboratory accredited by the Tennessee Department of Health and Environment and designated by KIPP Nashville. Specimens shall be retained for ten (10) days.

Upon receiving a written, certified copy of the analysis from the laboratory, the Principal shall do one of the following:

1. If the results of the analysis are negative, they shall be reported as negative and all evidence of the individual test, including all records in the school that the test was ordered and the reasons therefore, shall be destroyed and expunged.
2. If the results of the analysis are positive, the student and parent/guardian shall be given the written notice of the result. All records of the test, request for a test or indication a student has been tested shall be confidential student records in accordance with state law.

KIPP Nashville will provide students testing positive an assessment to determine the severity of the student’s alcohol and drug problem and a recommendation for referral to intervention or treatment resources as appropriate.
Reporting of Crimes, Interrogations, and Searches

Reporting of Crimes

School Officials’ Duty to Report Drug or Weapon Offenses. It is the duty of a Principal who has reasonable suspicion to believe, either as a result of a search or otherwise, that any student is committing or has committed any violation of a drug offense or unlawful carrying or possession of a weapon, upon the school grounds or within any school building or structure under the Principal’s supervision, to report the reasonable suspicion to the appropriate law enforcement officer.

“Reasonable suspicion” is defined as circumstances based on statements or facts that would lead a person of ordinary care and prudence to believe and consciously entertain an honest and strong suspicion that a person or persons have done a specific act.

School personnel have the duty to report any reasonable suspicion that a student is committing or has committed any violation of a drug offense or unlawful carrying or possession of a weapon to the Principal, or, if the Principal is not available, to the Principal’s designee. If neither the Principal nor the designee is available, school personnel may report violations of a drug offense or unlawful carrying or possession of a weapon committed on school property to the appropriate authorities.

School Officials’ Duty to Report Other Student Offenses. A teacher observing or otherwise having knowledge of an assault, battery, or vandalism endangering life, health, or safety committed by a student on school property shall report such action immediately to the Principal. A Principal having direct knowledge of an assault, battery, or vandalism endangering life, health, or safety committed by a student on school property or receiving a report of such action shall report the action immediately to the municipal or metropolitan police department or sheriff’s department having jurisdiction. Any fight not involving the use of a weapon, or any fight not resulting in serious personal injury to the parties involved, shall be reported only to the Principal. Authorized charter schools shall also report violent and disruptive incidents to the district through the student information system.

Interrogations

Police-Initiated Interrogations. If the police deem circumstances of sufficient urgency to interrogate students at school for unrelated crimes committed outside of school hours, the police department shall first contact the Principal regarding the planned interrogation and inform him/her of the probable cause to investigate. The Principal has discretion in deciding whether to allow the interrogation on school property, unless immediate police access to the student is required by law, court order, warrant, or an exigent circumstance justifying dispensation with the requirement to obtain a warrant. The Principal shall make reasonable effort to notify the parent/guardian of the interrogation unless circumstances require otherwise.

Interrogations by Police (At Administrator’s Request). If the Principal has requested assistance from law enforcement to investigate a crime involving his/her school, the police may interrogate a student suspect in school during school hours. The Principal shall make reasonable effort to notify the parent/guardian of the student. However, the interrogation may proceed without attendance of the parent/guardian, and the Principal or designee shall be present during the interrogation.

Interrogations by School Personnel. Students may be questioned by teachers or administrators about any matter pertaining to the operation of the school or school district and/or the enforcement of its rules, policies, and procedures.
Searches

**Search of Lockers, Vehicles, and Other Property.** When individual circumstances in a school dictate, a Principal may order that vehicles parked on school property by students or visitors, containers, packages, lockers, or other enclosures used for storage by students or visitors, and other areas accessible to students or visitors be searched in the Principal's presence or in the presence of other members of the Principal's staff. In particular, the locations listed above are subject to search for drugs, drug paraphernalia, dangerous weapons, or any property that is not properly in the possession of the student or visitor.

**Search of Persons.** A student may be subject to physical search because of the results of a locker search, or because of information received from a teacher, staff member, student, or other person if such action is reasonable to the Principal. Every effort will be made for the search to be conducted in private and in the presence of two (2) adult witnesses. In situations where there is an immediate threat to the safety and welfare of students and staff, and in the school official’s judgment the immediate control of the student and item(s) that are subject of the search is necessary, a search may be conducted in a non-private setting and without an adult witness, provided all of the requirements of reasonableness above are met.

All of the following standards of reasonableness shall be met:

1. A particular student has violated school policy;
2. The search will yield evidence of the violation of school policy or will lead to disclosure of a dangerous weapon, drug paraphernalia, drug, or stolen item;
3. The search is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision, and education of students;
4. The search is not conducted for the sole purpose of discovering evidence to be used in a criminal prosecution; and,
5. The search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student, as well as the nature of the infraction alleged to have been committed.

**Use of Metal Detectors.** To facilitate a search that is found to be necessary, metal detectors and other devices designed to indicate the presence of dangerous weapons, drug paraphernalia, or drugs may be used in searches, including hand-held models that are passed over or around a student's or visitor's body, and students, visitors, containers, and packages may be required to pass through a stationary detector.

**Use of Animals.** To facilitate a search that is found to be necessary, dogs or other animals trained to detect drugs or dangerous weapons by odor or otherwise may be used in conducting searches, but the animals shall be used only to pinpoint areas needed to be searched and shall not be used to search the persons of students or visitors.

**Disposal of Contraband.** Any dangerous weapon or drug located by the Principal or other staff member in the course of a search shall be turned over to the appropriate law enforcement officer for proper disposal.

**Safe Harbor Provision**
A student may approach a school official and voluntarily surrender an object, the possession of which is prohibited by these rules, provided the object is one that the student could lawfully possess off school grounds.
(such as a pocket knife) and is not a firearm. This safe harbor provision does not apply if a search is in progress at the school.

If a student approaches a school official and voluntarily surrenders such an object, then the student will not be subject to any disciplinary action under these rules. The Principal or designee will make arrangements to return the object to the student’s parent/guardian, when applicable.

If a student discovers an illegal item such as drugs, a weapon or other contraband (e.g., tobacco, alcohol) on school property, or a school bus, or at a school bus stop, the student may approach a school official and report the discovery. A student will not automatically be in violation of school codes by solely making such a report.

School officials will use discretion in determining whether the circumstances surrounding the report warrant further investigation of the reporting student.

**Bullying, Cyber-Bullying, Discrimination, Harassment, and Hazing Policy & Investigation Procedures**

KIPP Nashville is committed to providing all students a safe and supportive learning environment. In order to maintain a safe and supportive school environment, acts of bullying, cyber-bullying, discrimination, harassment (including sexual harassment), hazing, or any other victimization of students, based on any actual or perceived traits or characteristics, are prohibited.

This policy addresses KIPP Nashville employees, employees’ behaviors, students, and students’ behaviors while on school property, at any school-sponsored activity, on school-provided equipment or transportation, or at any official school bus stop. If the act takes place off school property or outside of a school-sponsored activity, this policy is applicable if the conduct is directed specifically at a student or students and has the effect of creating a hostile educational environment or otherwise creating a substantial disruption to the educational environment or learning process.

It is the Principal’s responsibility to ensure that all staff and students are educated and trained on the policy, reporting procedures, and bullying and harassment prevention. Information about disciplinary consequences will be published annually in the Staff Handbook and Student & Family Handbook.

**Definitions**

"Bullying/Intimidation/Harassment" is an intentional act that substantially interferes with a student’s educational benefits, opportunities, or performance, and the act has the effect of:

1. Physically harming a student or damaging a student’s property;
2. Knowingly placing the student or students in reasonable fear of physical harm to the student or damage to the student’s property;
3. Causing emotional distress to a student or students;
4. Creating a hostile educational environment, or;
5. Creating unwelcome conduct based on a protected class (race, nationality, ethnicity, gender/sex, age, disability, religion) that is severe, pervasive, or persistent and creates a hostile environment.
“Cyber-bullying” is a form of bullying undertaken through the use of electronic devices. Electronic devices include, but are not limited to, telephones, cellular phones or other wireless telecommunication devices, computers, text messaging, emails, social networking sites, instant messaging, videos, web sites, or fake profiles.

“Hazing” means any intentional or reckless act on or off school property, by (1) student acting alone or with others, that is directed against any other student(s) that endangers that mental or physical health or safety of the student(s) or that induces or coerces a student to endanger his/her own mental or physical health or safety. Coaches and other school employees shall not encourage, permit, condone, or tolerate hazing activities. “Hazing” does not include customary athletic events or similar contests or competitions and is limited to those actions taken and situations created in connection with initiation into or affiliation with any organization. KIPP Nashville will distribute its hazing policy at the beginning of each school year. During the first month of each new school year, time will be set aside to specifically discuss the hazing policy and its ramifications as a criminal offense and the penalties that may be imposed by the school and/or State Board.

Complaints and Investigations
Any individual who witnesses or has knowledge of behaviors that may constitute a violation of this policy should report such information promptly to the Principal or designee (e.g., Dean of Students). Students or staff may report however necessary, including verbally, in writing, or anonymously. KIPP Nashville requires any KIPP employee who witnesses or has knowledge of behavior that may constitute bullying, cyber-bullying, discrimination, intimidation, harassment, and/or hazing to report such information immediately to the Principal or designee, but not later than 24 hours after witnessing or learning about the incident.

Once a complaint has been reported to the Principal, the Principal or designee will begin an investigation within 24 hours. The investigation may include talking with other students and staff members, requesting written reports or artifacts regarding the alleged incident(s), reviewing school cameras, etc. Once a conclusion has been made, the Principal or designee will determine the necessary next steps, including, but not limited to, contacting all parties involved to report final findings, notifying parents/guardians, issuing appropriate consequences, notifying authorities, etc. Disciplinary action is dependent upon each individual complaint and subsequent findings from the investigation, but may include demerits, loss of privileges, in-school or after-school detention, in-school or out-of-school suspension, or expulsion. Both victims of and perpetrators of bullying may also be referred for counseling services.

Any investigation involving conduct reported as child abuse or child sexual abuse or another criminal matter shall not commence until authorization to proceed with the investigation has been received from the Department of Children’s Services or local law enforcement.

Response and Prevention
KIPP Nashville staff will take all complaints, reported incidences, and observed infractions of this policy seriously. When a staff member observes acts of bullying, cyber-bullying, discrimination, intimidation, harassment, and/or hazing he or she should intervene immediately, issuing a demerit for gross disrespect and following the school site’s procedure for removing a student from the classroom/reporting to ISC. Once in ISC, the Dean of Students will follow through with the investigation and appropriate consequences and notification of the incident. If a staff member does not witness the act, but receives a complaint from a student, he or she should follow the complaint procedure outlined previously.

Each school will develop its own prevention plan, led by the Principal and Dean of Students, but also involving other relevant individuals (e.g., counselors, Grade Level Leaders, teachers, parents/guardians, students, etc.). Each plan must include staff training of the policy during summer professional development, student training of
the policy during orientation or beginning of the year, and notification of staff, students, and families. In addition, prevention efforts include ongoing discussions and lessons in homeroom/advisory, the merit/demerit system, student advising, and school culture efforts led by the Dean of Students.

**Reports**
When a complaint it filed alleging a violation of state or the school’s policy where there is physical harm or the threat of physical harm to a student or student’s property, the Principal or designee of each school will report the findings and any disciplinary actions taken to the Executive Director of KIPP Nashville or designee. By July 1 of each year, the Executive Director or designee will prepare a report of all the bullying cases brought to the attention of school officials during the prior academic year. The report shall also indicate how the cases were resolved and/or the reasons they are still pending. This report shall be submitted to the Department of Education by August 1.

**Retaliation and False Accusations**
The administration of the KIPP Nashville Schools prohibits reprisal or retaliation against any person who witnesses and/or reports a violation of this policy. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the Principal or designees after considering the nature, severity, and circumstance of the act, in accordance with case law and board policies and procedures.

Intentionally making false reports about bullying, discrimination, harassment, hazing, cyber-bullying or other similar behavior to school officials shall be prohibited conduct. Any act of retaliation or reprisal or intentional false report against any person who reports a violation of this policy will not be tolerated. Any student or adult who engages in the act of retaliation or reprisal or who intentionally makes a false report against another shall be subjected to consequence and appropriate remedial action. In cases where any state or federal criminal law has allegedly been violated, the local law enforcement agency shall be notified.

**Sexual Harassment as Sexual Abuse**
Under certain circumstances, sexual harassment of a student may constitute sexual abuse as defined under state law. In such situations, KIPP Nashville will comply with state laws as well as district and school policies regarding the reporting of suspected abuse to appropriate authorities.

**Special Education Program**
All KIPPsters with disabilities are provided services and programs as prescribed by their Individualized Education Plans (IEPs). All services and placement decisions are made by the IEP team based on the individual needs of the KIPPster. If you have a question regarding your KIPPster’s eligibility, please contact the Director of Student Support.

**Child Find**
Under the Individuals with Disabilities Education Act (IDEA), Child Find requires all school districts to identify, locate, and evaluate all children with disabilities from birth through age twenty-one (21), regardless of the severity of their disabilities. This obligation to identify all children who may need special education services exists even if the school is not providing special education services to the child. The IDEA requires all states to develop and implement a practical method of determining which children with disabilities are receiving special education and related services and which children are not.

**Points of Contact**
Parent/Guardians are encouraged to speak with any KIPP staff if they have concerns about their child. Parents/Guardians and other relevant stakeholders with questions or concerns about a child’s educational needs should contact one of the following KIPP staff to discuss Child Find, the referral process, and the availability of special education programming at KIPP:

- Principal, Hada Flores, hflores@kippnashville.org
- Director of Student Support, Kunbi Adefule, kadefule@kippnashville.org
- Regional Director of Student Support, Traci Williams, twilliams@kippnashville.org

**Referral Process**
A referral for initial evaluation should state why it is thought that the child may have a disability. KIPP is required to make reasonable efforts to obtain parent/guardian consent for the initial evaluation within 30 calendar days of receipt of a referral and must complete an initial evaluation and eligibility determination within 60 calendar days of obtaining parent/guardian consent.

The initial evaluation timeline does not apply if:

- The parent/guardian fails or refuses to respond to a request for consent for the evaluation after reasonable efforts;
- The parent/guardian of the child repeatedly fails or refuses to produce the child for the evaluation; or
- The child enrolls in another District prior to the determination of eligibility.

If a parent/guardian or other person would like to make a referral for an initial evaluation to determine if a child is in need of special education and related services, please contact the Director of Student Support, Kunbi Adefule, kadefule@kippnashville.org

All KIPP staff must accept an oral or written referral for initial evaluation. Upon receiving an oral referral, KIPP staff must document an oral referral in writing within (3) business days of receipt. KIPP provides a referral form.
to assist parents/guardians and other parties in documenting a referral, but the form does not need to be completed by the person making the referral for KIPP to act on the referral.

KIPP accepts referrals for an initial evaluation from the following persons:

- A student’s parent/guardian;
- The student, provided that educational rights have transferred to the student; and
- An employee of KIPP Nashville who has knowledge of the student.

For children under the age of 6, KIPP also accepts referrals from:

- Pediatricians or other medical professionals, including physicians, hospitals, and other health providers;
- Child development facilities, including day care centers, childcare centers, and early childhood programs;
- District agencies and programs, including IDEA Part C programs;
- Community and civic organizations; and
- Advocacy organizations.

KIPP maintains regular contact with community-based referral sources and works to collaborate with community-based service providers to provide information on the availability of special education and related services and the means through which parents/guardians or organizations may submit a referral.

Within 30 calendar days of receipt of a referral, KIPP must make reasonable efforts to obtain parent/guardian consent for an initial evaluation. Reasonable efforts include attempting to contact the parent/guardian at least three (3) times on three (3) different dates using at least two (2) modalities. KIPP must begin reasonable efforts within 10 business days of receipt of the referral. KIPP must conduct an analysis of existing data on the student to determine if additional assessments are necessary. Existing data that may be considered may include but is not limited to teacher observations, classroom assessments, schoolwide screenings and assessments, state assessments, student grades and records, parent/guardian reports, health records, or data from other interventions. KIPP will provide the parent/guardian of a child suspected of having a disability with information about the nature of any additionally required assessment. For children under the age of 6, upon obtaining parent/guardian consent for disclosure of referral information, KIPP will provide feedback to the person making the referral regarding the outcome of the referral in a timely manner.

Screenings
KIPP implements a comprehensive screening process to determine if a child should be referred for an evaluation, the result of which is provided to the child’s parent/guardian. Screenings utilize assessments and tools that are generally applied across the entire student population. Parent/Guardian consent is not required for KIPP to conduct a uniform, schoolwide screening. A screening conducted by a KIPP teacher or specialist to determine appropriate instructional strategies for curriculum implementation does not constitute an evaluation for eligibility for special education and related services and does not require parent/guardian consent.

KIPP does not use screenings to delay the initial evaluation of a student who may be a child with a disability in need of special education and related services.

Response to Intervention (RTI)
KIPP Response to Intervention (RTI) efforts will not be used to delay the initial evaluation of a student who may be a child with a disability in need of special education and related services.
Provided Services
KIPP provides all instructional support, related services, and accommodations as required in each child’s Individualized Education Plan (IEP). KIPP uses a full inclusion model where students spend most of their day in a least restrictive environment learning alongside their same-aged, same-grade peers. Students’ IEP goals are met through intervention specialists and related service providers pushing into classrooms, pulling students out for one-on-one services, and in small group instruction. KIPP has a counselor/social worker and intervention specialist on staff to provide instructional and behavioral services, and contracts with outside service providers as needed for speech and hearing services and physical and occupational therapy.

Parent/Guardian Procedural Safeguards and Rights
Parents'/Guardians’ legal rights during the Child Find process are defined by IDEA and Tennessee law. In the event of a disagreement, parents/guardians may pursue dispute resolution and due process rights, including mediation, due process complaints, or state complaints. Parents/guardians can learn more about their rights under IDEA by either:

- referring to the Part B Procedural Safeguards located at https://www.tn.gov/content/dam/tn/education/reports/331816_notice_proc_safeguards.pdf; or
- by contacting the Director of Student Support to obtain a copy of their procedural safeguards.

IDEA Grievances
Parents/guardians or students who wish to express a complaint or grievance regarding their child’s special education program or services should follow the same procedures outlined in the section titled “General Grievances and Complaints Procedure”. Such complaints may include, but are not limited to, the formation or implementation of a child’s Individualized Education Plan, provided services, progress towards goals, use of appropriate accommodations and interventions in the general education setting, etc.

 Complaints may be submitted to the State Board via the State Board’s general complaints process outlined. IDEA legal or other administrative actions may be filed without filing a complaint or grievance with the State Board or school. Complaints may be directed to the following:

IDEA Administrative and/or Due Process Complaints:
Tennessee Department of Education
Office of General Counsel

Nashville, TN 37243
Telephone: (615) 741-2921

S-Team (Student Support Team) Process
There are times when students exhibit repeated patterns of behaviors that interfere with the learning for themselves or other students. If a parent/guardian or other person would like to make a referral for an S-Team (Student Support Team) meeting to discuss their concerns, please contact the Director of Student Support, Kunbi Adefule, kadefule@kippnashville.org

. All KIPP staff must accept an oral or written referral for an S-Team Meeting. Upon receiving an oral referral, KIPP staff must document an oral referral in writing within (3) business days of receipt.
The S-Team consists of the S-Team Coordinator, Principal or designee, teachers, social workers/counselors, and parents/guardians and may also include nurses, mental health clinicians, psychologists and external agency representatives who help develop prevention and intervention techniques and alternative strategies that ultimately lead to student success. When student behavior requires intervention, the student support team develops and documents a plan to address the behavior.

If the interventions are successful, the S-Team will document and may continue to monitor as needed.

If the behaviors continue after interventions and a disability is suspected, the appropriate assessment specialist is invited to a meeting by the S-Team. If a disability is suspected at any point in this process, the school and parent/guardian should convene a meeting within 10 days to obtain written parent/guardian consent to an evaluation for special education services or a 504.

**English Language Learners**

KIPPsters who are classified as ELL based on their submitted home language during enrollment will be administered a criterion referenced English Language Proficiency test designed to measure English learners’ social and academic proficiency in English. This test, known as the W-APT (WIDA ACCESS Placement Test) for kindergarten students and the WIDA Screener for 1st–12th students, assesses social and instructional English as well as the language associated with language arts, mathematics, science, and social studies within the school context across the four language domains: reading, writing, listening, and speaking. These KIPPsters must be screened within 30-days of enrollment.

Based on a KIPPster’s score on the ACCESS evaluation, he or she may be identified as ELL and are eligible for additional learning supports. They will be entered into the English to Speakers of Other Languages (ESOL) program, a standards-based curriculum emphasizing academic and social development in the English language. ESOL coursework is based on English Language Development (ELD) standards. Classroom teachers integrate these standards with the Tennessee Performance standards to enable ELL KIPPsters to demonstrate their academic, social, and cultural proficiency.

ELL students will be assessed annually in February–April on their English Language Proficiency. They will be administered a criterion referenced English Language Proficiency test designed to measure English learners’ social and academic proficiency in English. This test, known as the Accessing Comprehension and Communication in English State to State for English Language Learners (ACCESS for ELLs), assesses social and instructional English as well as the language associated with language arts, mathematics, science, and social studies within the school context across the four language domains: reading, writing, listening, and speaking. If there are any clarifying questions or concerns around EL services, please contact the Director of Student Support, Kunbi Adefule, kadefule@kippnashville.org.

**504 Plans**

The Director of Student Support and School Counselor/Social Worker will oversee the implementation of all 504 plans. General education teachers will be primarily responsible for executing all modifications and accommodations included in KIPPster’s 504 plan. These plans follow state regulations for requests, evaluations, and implementation. If there are any clarifying questions or concerns, please contact the Director of Student Support, Kunbi Adefule, kadefule@kippnashville.org or School Counselor, Katheryn Fey, kfey@kippnashville.org.
Homebound Services
There may be cases when a KIPPster requires hospital or homebound (HHB) services as designated by an Educational Service Plan (ESP). This plan may include accommodations and modifications from a Section 504 plan, or Individualized Education Program (IEP), as applicable. During the time a KIPPster needs HHB services, academic instruction and other services will be provided to KIPPsters in an alternate location when their specific need would prevent normal school attendance, as identified by a licensed physician or psychiatrist who is treating the KIPPster.

Counseling

Individual Counseling
Individual counseling is where a student meets one-on-one with the KIPP counselor/social worker or counseling intern for counseling on specific or more general issues that are impeding their learning. Students in individual counseling are pulled out on a weekly or bi-weekly basis as needed. Professional school counselors can see all students without parent/guardian consent, though parents/guardians do have the option to opt out of services. Social Workers and Licensed Professional Counselors must have consent for students identified as needing counseling services.

Group Counseling
Students who may need extra support, but do not necessarily need the level of individual counseling can become involved in group counseling. Group counseling usually involves between three and seven students who are all struggling with similar issues (examples include anger management, grief, test preparation, resiliency, etc). Students meet with the counselor/social worker in a group setting in regular intervals. Counselors/social workers can see all students in groups without parent/guardian consent, though parents/guardians do have the option to opt out of services.
Health, Wellness, and Safety

Physical Examinations and Immunizations
Prior to each student entering a public school for the first time AND prior to participating as a member of any school sponsored athletic team, students must provide proof of a complete physical examination.

Students are not permitted to enroll or attend school without proof of up to date immunizations. Students may be granted an exemption from immunization requirements if a qualified physician certifies that administration of immunizations would be in any manner harmful to the child. Students may also be granted an exemption from immunization requirements if a parent/guardian files with proper authorities a signed, written statement affirmed under penalties of perjury that such immunization and preventive measures conflict with the religious tenets and practices of the parent/guardian. No student determined to be homeless shall be denied admission to school if the student has not yet been immunized or is unable to produce immunization records due to being homeless. Students that show up for school without up to date immunization records must be sent home immediately until updated immunization records are shared with the school.

Student Medications
Medications held at the school should be limited to those required during school hours and necessary to maintain the student’s enrollment and attendance in school. Parent/Guardian Involvement

Communication Between Home & School

General Parent Involvement

Parent Meetings
Parents are encouraged to schedule meetings on parent-teacher conference days. If a parent has additional concerns they want to discuss with members of the staff, that parent is encouraged to call or reach out to the specific teacher involved.

Parent-Teacher Conference Day
Parent-Teacher Conference Days take place in November and February to invite parents into the school and provide time to be updated on their child’s progress. Although these are scheduled conference days, a parent can reach out to the teachers at any point throughout the year to check in on progress.

Parent Signatures
Each night, parents/guardians of all students are required to sign their student’s agenda. By signing the agenda, parents/guardians are communicating that they acknowledge the assignments and ensure that their child has completed them.

Every weekend all parents/guardians are required to sign the student’s paycheck document. Every other week parents/guardians are required to sign the progress report. This allows parents to stay updated on their child’s academic and behavior progress at school. The paycheck and progress reports serve as a major means of communication between school and home, and parents are encouraged to call up to the school if they have questions or comments about the information on the reports.

Uniform
We ask parents to make sure their students have the appropriate uniform when they attend school every day. Please refer to earlier portions of the handbook for the uniform policy.

Parent Surveys
Once a year the school conducts a parent survey to determine parent needs, concerns, and assessment of the school. The results of this survey are used to evaluate the progress of the school and to suggest programmatic changes. We may also administer additional parent surveys throughout the year to gather feedback from parents. We appreciate your participation in these surveys as it helps us grow as a staff and school.

Parent-Teacher Communication
KIPP Academy Nashville requires parents to be partners in the education of their children. The important task of preparing students for college calls for the school, the student, and the parents to all work together to ensure success. In order to be effective partners, we must communicate. There are several ways that we will communicate with you throughout the year:

Phone Calls
All KIPP Academy Nashville teachers and staff provide parents and students with their personal phone numbers in order to provide additional support. Students may call teacher cell phones for help with homework, a question about school until 7:00 p.m. at night. If you or your child are trying to call a teacher, but they do not
answer, please leave a message explaining the reason for the call. Students may choose to text after leaving a message, but do not place repeated phone calls if a teacher does not answer. If a teacher does not answer his/her cell phone, leave an appropriate voice message, including your name and phone number, and they will return your call. You may also contact your child’s Grade Team Leader or Principal if you have an emergency.

Phone Etiquette
Students and parents/guardians are encouraged to use the cell phone numbers of the staff for questions, concerns, or emergencies. For absences or tardies, students should call the office, not the teachers’ cell phones.

Calling Teachers
The basic teacher contact policy is as follows:

Use the cell numbers for homework questions and emergencies, unless otherwise instructed by the staff member.

At times, a teacher may request to return your call at another time or from the school phone, or it may be necessary to leave a message; please be flexible. All teachers should return your calls within 24 business hours.

Teachers may be called from 7:30 a.m. until 6:00 p.m. from Monday through Friday.

Staff members are available during weekends and vacations at their own discretion.

There are expectations set around how students leave voice messages when they call:

Students are expected to leave a message if the teacher does not pick up.

Hello [name of staff member] my name is [first and last name]. My phone number is [area code plus the number]. I have a question about […my homework, the assignment in math, the field lesson, etc.]. My question is […what is your question?]. Again, my name is [first and last name] and my phone number is [area code plus the number].

The staff member returns the call as soon as possible.

Weekly Paycheck and Academic Standing Report (ASR)
Every Friday, your child will bring home his/her weekly paycheck and ASR. This paycheck will include a detailed report of your child’s attendance, homework, academic standing, and behavior. Parents must sign their child’s paycheck/ASR and return it to school by Monday, or the following school day. If the paycheck is not returned by Tuesday, it will result in a deduction and after school detention.

At Risk of Retention Letters
If your child is failing any classes at the end of the 1st semester the school will schedule a meeting and send home a letter, along with the report card, informing you that retention in the current grade level is a possibility. Parents should make sure to review the letter and next steps with your child and contact the grade level teachers to discuss what can be done to support the KIPPster and increase academic performance.

Student Records
At any time, parents of KIPP Academy Nashville students may access their child’s record by checking with the Principal, who will allow you to view the record in the office. For safety purposes, no student file will be allowed out of the administrative office.
Meetings
If the school requests a meeting with you and your child, we need to discuss something important with you and it is important that you attend any requested meeting. If you would like to meet with a teacher or administrator, please call the school to schedule an appointment.

Parent Concerns
If you have a concern about a school policy, academic grade, disciplinary decision, or anything else, please feel free to directly contact the teacher(s) or administration at any time. We welcome feedback and conversation. We promise to treat you and your concern with respect. KIPP Academy Nashville is a quiet, professional environment that requires all issues be solved in the most respectful manner.

Parent-Teacher Communication Norms
In the interest of maintaining a professional and collaborative environment while also balancing the number of demands on our staff and families, KIPP Academy Nashville has several important communication norms that both teachers and families agree to adhere to the following:

Prompt Reply
KIPP Academy Nashville teachers and staff will return all calls within 24 hours after receiving initial contact through telephone voicemail. Similarly, we ask that all families respond to us within 24 hours. It is the family’s responsibility to ensure that we have the most up-to-date phone numbers for communication as well as safety reasons.

Equal Time at School Events and During Conference Days
The school hosts several events during the school year that allow families to meet and speak with teachers about the work that is being done at KIPP Academy Nashville. However, it is important that both teachers and families be aware of when they are engaging in extended personal discussions that are at the detriment of other scholars and their families’ time. For longer, more in-depth discussions about the KIPPster’s performance or behavior, we encourage families to set up a meeting.

Respectful Communication
KIPP Academy Nashville teachers and staff should always be courteous and respectful toward parents. If there is ever an issue with this, parents are encouraged to reach out to the team leader for your student’s grade level. Likewise, parents should be courteous and respectful toward staff. If there is a perceived lack of respect or courtesy within a phone call, parents and staff alike are encouraged to cut short the conversation and wait to continue it at another time. Repeated instances of disrespectful communication by either staff or parents will result in action on the part of the school.

Parent/Guardian Rights

Family Education Rights and Privacy Act (FERPA)
The student education records contained in KIPP Nashville electronic and physical data sources are subject to the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g.

With few exceptions, FERPA prohibits schools from disclosing personally identifiable information contained in student education records without prior written parent/guardian consent. Violation of FERPA could subject KIPP Nashville to severe penalties including the termination of eligibility to receive funding under any applicable federal program.

However, one exception, which permits disclosure without prior parent/guardian consent, is disclosure to school officials with legitimate educational interests.
All KIPP Nashville staff members agree not to disclose any of the personally identifiable information they acquire in the course of their duties to other parties who are not school officials unless you have obtained prior written parent/guardian consent in accordance with FERPA guidelines for the disclosure.

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students who are 18 years of age or older ("eligible students") certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day KIPP Nashville receives a request for access.

   Parents/guardians or eligible students who wish to inspect their child’s or their education records should submit to the Principal or designee a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent/guardians or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

   Parents/guardians or eligible students who wish to ask the school to amend their child’s or their education record should write the Principal, clearly identify the part of the record they want changed and specify why it should be changed. If the school decides not to amend the record as requested by the parent/guardian or eligible student, the school will notify the parent/guardian or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

   One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school’s or school district’s annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent/guardian or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent/guardian, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by KIPP Nashville to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue SW
Washington, DC 20202

**Complaint Policy & Procedures**
KIPP Nashville is committed to maintaining a strong partnership and ongoing dialogue between its teachers, staff, our KIPPsters and their families. If you have a concern about a school policy, academic grade, discipline decision, or anything else, we welcome your input and encourage you to contact the appropriate staff member at the school. Please follow this procedure for all school related complaints, including, but not limited to, student conduct and school discipline, uniform issues, transportation, food services, school academic program, individual teacher or classroom concerns, special education program or services, athletics and clubs, etc.
Informal Complaint Procedures
An informal complaint is a complaint that does not concern the alleged violation of law or the charter (e.g., a concern about an academic grade, the school’s uniform policy, or the school’s cell phone policy). An individual who (or group that) has an informal complaint against a school policy or member of the school community is encouraged to contact the appropriate staff member at the school by telephone. All staff members are committed to responding promptly to informal complaints, either in person, by telephone, or in writing. If an informal complaint is not responded to and resolved promptly or satisfactorily, the group or individual should contact the Principal to discuss the matter; the Principal shall respond in person, by telephone, or in writing.

Formal Complaint Procedures
A formal complaint is a complaint that concerns an alleged violation of law and/or charter. An individual who has a formal complaint against a school policy or a member of the school community may follow the steps below. Please note that these steps are for formal complaints only – meaning complaints which allege a specific violation of law and/or charter. As a matter of policy and practice, the Executive Director, KIPP Nashville Operating Board, and State Board of Education will not intervene in concerns which do not allege a specific violation of law and/or charter. The steps below outline the KIPP Nashville Formal Complaint Process:

Step 1 – Contact staff member involved. If a parent/guardian has an issue or concern, the first step toward resolving the issue will be to contact the staff member involved by phone or email. The parent/guardian should call the school’s front desk to obtain phone and email contact information. The staff member and the parent/guardian will then set up a meeting to discuss the issue either on the phone or in-person and work to reach a resolution that satisfies both parties.

Step 2 – Written Complaint sent to Principal. If the issue is not resolved satisfactorily, the parent’s/guardian’s next step is to write a letter to the Principal. Note that even if the issue is a problem with the Principal directly, the parent/guardian should go through this step. It is important to have clear documentation of all steps. The parent/guardian may fax, email, mail, or hand-deliver (to the school’s front desk) the letter. The parent/guardian should contact the school’s front desk to obtain contact information for the Principal. The Principal will reply within three (3) business days, at least acknowledging the complaint has been received, and the Principal may take up to ten (10) business days to investigate and reach a decision. The Principal will send a written decision to the parent/guardian within ten (10) business days of the school receiving the complaint letter. The school will put a copy of the complaint form and the Principal’s response in the student’s file and will also ensure that a summary of the complaint and resolution is logged in the school’s student information system.

Step 3 – Written Complaint sent to Chief of Schools. If the parent/guardian is unsatisfied with the Principal’s decision, the parent/guardian may write a letter to the KIPP Nashville Chief of Schools. The parent/guardian can fax, email, mail, or hand-deliver (to the school’s front desk) the letter. To get the email address or mailing address for the Chief of Schools, the parent/guardian can contact the front desk of the school. The Chief of Schools will reply within three (3) business days and may take up to ten (10) business days to investigate and reach a decision. The Chief of Schools will send a written decision to the parent/guardian within ten (10) business days of receiving the letter or form. (Please note that the Chief of Schools will not respond to complaints that have not gone through steps 1-2). The school will put a copy of the complaint form and the Chief of Schools’s response in the student’s file and will also ensure that a summary of the complaint and resolution is logged in the school’s information system.

Step 4 – Written Complaint to the KIPP Nashville Board of Directors. If the parent/guardian is unsatisfied with the Chief of Schools’s decisions, the parent/guardian may write a letter to the school’s Board of Directors. The
parent/guardian can fax, email, mail, or hand-deliver (to the school’s front desk) the letter. The Executive Director will reply within three (3) business days on behalf of the Board of Directors and may take up to ten (10) business days to investigate and reach a decision. The Board or its designee will send a written decision to the parent/guardian within ten (10) business days of receiving the letter or form. (Please note that the Board will not respond to complaints that have not gone through steps 1-3). The school will put a copy of the complaint form and the Board’s response in the student’s file and will also ensure that a summary of the complaint and resolution is logged in the school’s information system. Please note that if an individual or group voices a complaint at a public meeting of the school’s Board or to individual directors, directors shall not respond to the substance of the complaint, but instead shall thank the individual or group for their time and direct them to this complaint procedure.

**Step 5 – Written Complaint to the Authorizer.** If the parent/guardian is not satisfied with the Board’s decision, the parent/guardian may present their complaint to the authorizer (i.e., district), who will direct the parent/guardian to the appropriate representative in their charter school office. This person will investigate and respond. The parent/guardian can get contact information for the authorizer from the school’s front desk. (Please note that the school will ask the authorizer not to respond to complaints that have not gone through steps 1-4.) The school will put any information received from the authorizer in the student’s file, and he/she will also log a summary in the school’s student information system.

Please note that if the school receives multiple complaints on the same or a similar subject, the school may elect to consider all the complaints in one process. We do this because responding individually to similar complaints could take an undue amount of time on the part of school staff.

Each authorized charter school shall adopt a policy and procedures for receiving and addressing complaints or grievances from employees, parents/guardians, or students. The governing board of each charter school shall be the first avenue for response in any complaints or grievances filed against the charter school, its employees, or its volunteers, and the policy and procedures shall be included in the student handbook and made available to students, parents/guardians, employees, and any other person who requests it.

If grievances persist following the actions of the governing board of the charter school, or if the complaints are with regard to alleged violations of law, the charter agreement, the improper discipline of a special education student (including violations of the Individuals with Disabilities Act (IDEA) or applicable state or federal law or regulation), or any other topic listed below, the authorizer may investigate.

**Complaints and Grievances Handled by the School**

The following are examples of complaints or grievances that are at the discretion of the school and areas in which the district cannot mandate decisions:

1. Employment issues;

2. Transportation issues (except with regard to students experiencing homelessness, students with disabilities, or students in foster care)

3. Disagreement with a teacher or a student;

4. Bullying issues (excluding bullying that rises to the level of a civil rights issue under Title IX or VI, or bullying on the basis of a disability under the Americans with Disabilities Act (ADA)); and
5. Disagreement over a discipline decision (excluding the discipline of students with disabilities, including students with Individualized Education Programs (IEPs) or 504 Plans).

The school shall follow its adopted policies and procedures for handling complaints and grievances.

Complaints and Grievances Handled by the Authorizer

In some instances, the authorizer may investigate complaints or grievances regarding an authorized school. A formal complaint or grievance to the authorizer may include, but is not limited to:

1. Alleged violations of the law;
2. Alleged violations of the charter agreement;
3. Special education violations, including discipline;
4. Child abuse;
5. Serious health, safety, and legal issues;
6. Suggesting a student transfer or enroll at a different school, and;
7. Title VI and Title IX (civil rights) claims and ADA/Section 504 claims.

A formal complaint to the authorizer must:

1. Identify the school(s) involved in the issue;
2. Clearly describe the grievance or complaint and provide any corresponding documentation supporting the issue;
3. Provide details of how the individual attempted to resolve the issue with the school or governing board, if applicable, and;
4. Be filed within 180 days of the alleged violation, unless the State Board determines that special circumstances exist to allow the filing of the complaint or grievance. Within seven (7) business days, the Director of Schools or designee will determine whether or not the grievance or complaint is properly before the State Board or if it needs to be resolved with the school, and the Director of Schools or designee will notify the complainant of this decision in writing. If it is determined that the complaint or grievance is properly before the State Board, the State Board will address the complaint or grievance within thirty (30) days, unless special circumstances exist. If special circumstances exist, all parties will be notified. If a school is found to have committed a violation, it may trigger interventions by the State Board in accordance with State Board Policy 6.700.1 Filing a complaint under this policy shall not serve as a prerequisite to any legal or other administrative action that the complainant may choose to pursue, including, but not limited to any complaint under Policy 1801: Special Education/Individuals with Disabilities Education Act (IDEA), Policy 1802: Americans with Disabilities Act (ADA) and Section 504, and Policy 6304: Bullying, Cyberbullying, Discrimination, Harassment, and Hazing.
